

How to Access the National Fire Codes Online

You may access a **read-only** online version of an NFPA standard, code, etc. through NFPA's website by creating a free profile and following the instructions outlined on this page: <http://www.nfpa.org/freeaccess>

“To review codes and standards online:

- [View the list of NFPA's codes and standards.](#)
- Select the document you want to review.
- Select the edition of the document you want to review.
- Click the "Free access" link (under the document title)
- You will be asked to "sign-in" or create a profile to access the document in read-only format.”

Please note, however, that NFPA does not permit you to download or print these codes unless they're purchased.

Staff may also request to borrow a hardcopy version of a standard, code, etc. by contacting the library: dol.library@labor.nc.gov or 919-707-7880.
