

## CSHO Progression Notebook

**Instructions:** Tab 5 will contain a copy of your PowerPoint that you presented at the district meeting and should be a minimum of 15 slides. Each case file summary should include a summary of an accident inspection case file where you were the lead CSHO, was written by you, and contains serious violation.

### Tab 5 – PowerPoint Presentations and Case File Summaries

- PowerPoint presented at district meeting.
- Three case file summaries.

For each of **three inspection case files** assigned by the district supervisor or assigned CSHO II mentor, prepare a written report that summarizes:

- Reason for the inspection.
- Nature and characteristics of the worksite.
- Hazards investigated, equipment used, and samples or measurements taken.
- Violations identified abatement methods used by the employer.

**Note:** More information can be found in the Section on “Recommended CSHO Training Activities, Year 1 of Phase 1.”.
