Compliance Goal – 24, 2 total per month (1-East, 1-West)

So far 1 inspection has been conducted (Safety in West)

Discussion on signage for inside large rooms and finding issues in kitchens with electrical equipment.

Questions?

Jerry Midyette – questions about coding inspection with N 16 code in 42 (Optional information) for COVID. Lee stated inspections should be coded for Covid if you encounter it at the facility.

Also brought up recordkeeping if facilities are not putting Covid cases on their OSHA 300 logs and Lee stated it would be brought up in the supervisor meeting tomorrow (November 16, 2023) and discussed.

Jacopo Wiggins – does not believe anything has changed with reporting Covid and the memo in the One-Stop-Shop (Interim Response Plan) addresses this. He will check with Hollis Yelverton for further direction.

Next meeting
